Abstract (en)

This disclosure provides a method for PUCCH transmission, a method for information configuration, and a device. The method for PUCCH transmission includes: in a case that a first preset condition is met, determining a target parameter used for sending a PUCCH on a target PUCCH resource, where the target PUCCH resource has at least one activation parameter, the target parameter is one of the at least one activation parameter, and the activation parameter includes at least one of activated spatial relation information and an activated power control parameter; and sending a PUCCH on the target PUCCH resource by using the target parameter.
