Abstract (en)

[origin: WO2020260135A1] The invention concerns a cosmetic applicator for applying cosmetics to keratin fibers with a core extending along a longitudinal axis, and one or preferably more application bodies being formed each by a rod carrying pins, whereas said rod extends from the core, while the applicator is designed that way that said rod carries a number of pins extending away from the rod directly into the interstice between the rod and the core.
