Abstract (en)
[origin: WO2021009303A1] The present invention relates to a cassette (1) for securely transporting and/or storing valuable objects, comprising: - an enclosure (2) which defines a secure internal compartment (3) for storing the valuable objects and an opening (4) which is provided in one of the faces of the enclosure (2) and opens into the internal compartment (3) so as to connect it with the exterior of the enclosure (2), - a cover (5) which is articulated to the enclosure (2) along one of the opening (4) edges between a "closed" position and an "open" position, affording access to the internal compartment (3), and - at least one neutralisation device (6) comprising at least one container (10) which contains a neutralisation product and a spraying ramp (12) which is arranged on the enclosure (2) side, the cassette (1) being characterised in that each neutralisation device (6) is integrated into the cover (5).
