Abstract (en)
Sofa with reclining backrest comprising a structure formed by a rear structure (4) and a seat structure (5), in addition to the reclining backrest (2) itself and a seat (3), which comprises a headrest (1) attached to the backrest (2), and a mechanism formed by bases (8), which attach to the rear structure (4), from which two extensions (9) protrude, a backrest structure (11) formed by first bars (12) located in the side ends of the backrest (2) and attached by means of extension bars (13) which give the backrest (2) the rigidity required, a headrest structure (14) which gives the headrest (1) rigidity, where the ends of the first bars (12) end in two articulations (10) by means of which the first ends attach to the corresponding extensions (9) of the base (8) and the second ends attach to the headrest structure (14), so that the backrest (2) can be folded with respect to the rear structure (4) and the headrest (1) can be folded with respect to the backrest (2).
