Abstract (en)
[origin: WO2021028782A1] A pack (1) for smoking articles comprising: an inner wrap (18), which wraps a group (19) of smoking articles; a rigid outer container (2), which is cup-shaped, houses the inner wrap (18), has a larger width than a width of the inner wrap (2); and a filling element (21), which is inserted in the outer container (2) to make up for a width difference between the outer container (2) and the inner wrap (18) and has a wall (22), an upper wall (23) and two side walls (24). The filling element (21) comprises two support members (27), which are in contact with the rear wall (8) of the outer container (2) and consist of a first panel (28) and of a second panel (29), which are hinged to one another along a central folding line (30) defining a corner (31) of the support member (27). The first panel (28) is hinged to the front wall (22), while the second panel (29) is hinged to a corresponding side wall (24).
