Abstract (en)  
[origin: WO2021032515A1] Hand-held power tool having a tool fitting for holding a striking and rotating tool on a working axis, an electric motor, an impact mechanism which has a striker that is moved periodically along the working axis, and having a rotary drive, which drives a spindle carrying the tool fitting in rotation about the working axis, wherein the rotary drive has a step-down eccentric transmission connected to the electric motor and the spindle is coupled to the eccentric transmission.
