Abstract (en)

[origin: WO2021063606A1] The invention relates to a method for displaying vehicle information relating to a vehicle (1) for conveying passengers. In order to improve the retrieval and display of vehicle information (FI), a display unit (22, 24, 26) of a passenger information system (9) and/or entertainment system displays (G) the vehicle information (FI) while the vehicle (1) assumes (E) an operating mode (ISM) which is provided for the display.
