Abstract (en)
[origin: EP4023236A2] The present invention relates to a composition for preventing or treating cancer comprising a mixed extract of Angelica gigas, Aconitum carmichaeli Debeaux, and Zingiber officinale Roscoe as an active ingredient, more particularly to a pharmaceutical composition, a food composition, and a feed composition for preventing or treating cancer including a mixed extract of Angelica gigas, Aconitum carmichaeli Debeaux, and Zingiber officinale Roscoe as an active ingredient; a method for preventing or treating cancer comprising a step of administering the pharmaceutical composition; and a use for preventing or treating cancer. Angelica gigas, Aconitum carmichaeli Debeaux, or Zingiber officinale Roscoe of the present invention exhibits excellent cancer treatment effects, and therefore can be included in a pharmaceutical composition or a food as an active ingredient to be used in development of cancer treatment or amelioration agents and the like.
