Abstract (en)

[origin: EP4023834A1] A roof window system with a mounting assembly and method of installing such a roof window system. The roof window system (1) comprising two window units (11, 12) is configured to be built in side by side in a roof structure (2) of a roof, in particular comprising an inclined roof surface, a support assembly (3) configured to be fastened to the roof structure (2) and to which the window units (11, 12) are to be connected. The support assembly (3) comprises a set of support beams (31, 32) to be mounted horizontally, and a set of mounting brackets (4).
