Abstract (en)

[origin: WO2021048421A1] The invention relates to a machine (1) for launching targets for clay pigeon shooting, comprising: a launching device (2), a storage device (3), a trigger device (4) capable of loading the storage device (3) and releasing it to project the target, and a pre-loading device capable of controlling a pre-load of the storage device (3), characterised in that the pre-loading device comprises a linear actuator (51) and a flexible transmission means (52) connecting the linear actuator (51) to the storage device (3).
