Abstract (en)

[origin: EP4029800A1] The invention relates to a pallet collar (1) made of a single paperbased sheet. The sheet has four sections (6a-d) each forming a wall of the assembled pallet collar (1) with an outer (9) and an inner (10) wall portion. The outer wall portion is formed by a mid part of the section forming the wall. The mid part has at each of opposite borders thereof a series of four consecutive parts each folded along a folding line, towards the inner of the assembled pallet collar, while making a right angle to the preceding part, forming top and bottom edges and the inner wall portion (10) of the pallet collar wall. The invention also relates to a pallet collar system comprising a plurality of pallet collars according to the invention as well as use of a pallet collar and/or pallet collar system.
