Abstract (en)

[origin: WO2021250151A1] The present invention relates to an activated, pectin-containing apple fiber and to a method for the production thereof. The invention also relates to the use of the pectin-containing apple fiber as a thickening or structuring agent in various industrial products. The invention further relates to a mixture of the activated, pectin-containing apple fiber with a soluble pectin and to a food product, a food supplement, a feed product, a beverage, a cosmetic product, a pharmaceutical product or a medical product, which has been produced using the pectin-containing apple fiber according to the invention.
