Abstract (en)
[origin: WO2021099601A1] The invention relates to a modular furniture system for various intended purposes, comprising at least one main furniture module (12) that consists of a backrest element (14), a main seat module (16), two cushion elements (18) and a plurality of leg elements (20). According to the invention, the backrest element (14) and the main seat module (16) can be connected and fastened together by the leg elements (20) without using tools, and therefore the main furniture module (12) can be packaged in a shipping carton (22) having small dimensions, in particular dimensions of up to 120 cm x 60 cm x 60 cm, and having reduced weight, in particular having a weight of less than 30 kg, such that it can be assembled.
