Abstract (en)
[origin: WO2021101746A1] Aspects of the disclosure relate to a package, a carrier (90) for packaging one or more articles B and a blank (10) for forming the carrier. The package comprises an article carrier and one or more articles. The carrier comprises an engaging panel (18) having one or more top-receiving openings A2, A3. Each of the one or more articles is received in a respective one of the top-receiving openings so as to be secured to the engaging panel. The carrier further comprises at least one wing panel (20). The at least one wing panel is hinged to the engaging panel and the wing panel is adhered to at least one article.
