Abstract (en)
[origin: EP4070949A1] Provided is barrier paper excellent in gas barrier properties, with respect to barrier paper including a paper substrate layer. Barrier paper comprising a paper substrate layer, an adhesive layer, and an inorganic vapor-deposited layer in this order, the adhesive layer being in contact with the inorganic vapor-deposited layer. In the barrier paper, when the arithmetic average roughness of the surface of the inorganic vapor-deposited layer on the side opposite to the paper substrate layer is defined as Ra1, and the standard deviation of the Ra1 is defined as σ Ra1, σ Ra1 is preferably 0.030 μ m or less.
