Abstract (en)

[origin: WO2021122845A1] A formulation (211) for use in an aerosol-generating system, the formulation (211) comprising: one or more aerosol formers; one or more metal salts; and one or more polymeric thickening agents. The formulation (211) has a polymeric thickening agent content of greater than or equal to about 0.5 percent by weight. The one or more metal salts include one or more metal stearates. An aerosol-generating article (200) for use in an aerosol-generating system, the aerosol-generating article (200) containing the formulation (211). An aerosol-generating system comprising: the formulation (211); and an atomiser (222) configured to generate an aerosol from the formulation (211).
