Abstract (en)  
[origin: WO2021165617A1] The present invention relates to a method for producing an iodo fluoroalkane compound comprising the steps of: a) placing a fluoroolefin in contact with hydrogen iodide in order to form a stream A comprising said iodo fluoroalkane compound and unreacted hydrogen iodide, b) separating said stream A into a first stream B1 comprising said iodo fluoroalkane compound and a stream B2 comprising unreacted hydrogen iodide, c) recycling the stream B2 to step a).
