Abstract (en)

[origin: WO2021181005A1] The invention relates to a method for producing a packing material arrangement (100). The method comprises: c) providing a plurality of packing material sheets such that the plurality of packing material sheets forms a stack of packing material sheets d) holding the plurality of packing material sheets together in the stack e) cutting the packing material sheets in the stack to circular packing material elements (102, 107, 108). The invention relates also to an apparatus (1) for producing a packing material arrangement and a packing material arrangement (100).
