Abstract (en)  
A hose reel assembly (100) includes a frame (110) rotatable along a central axis (X-X') of the hose reel assembly (100). The hose reel assembly (100) includes a reel rotatably arranged within the frame (110) such that the rotational axis of the reel is substantially parallel to the central axis (X-X'). The hose reel assembly (100) includes one or more ground supports (122) rotatably coupled with the frame (110). The one or more ground supports (122) allow mounting of the hose reel assembly (100) on a level surface. The hose reel assembly (100) further includes one or more wheels (160). The hose reel assembly (100) is characterized in that the one or more wheels (160) are coupled with the frame (110).
