Abstract (en)

[origin: WO2021185930A1] The invention relates to a computer, which comprises a front wall (18), a rear wall (25), a motherboard (5) with an expansion slot for expansion cards and an expansion card (7) inserted in the expansion slot. The front side (9) of the expansion card (7) lies opposite the front wall (18) of the computer. The front side (9) of the expansion card (7) is characterized in that a retaining device (10) is mounted thereon for fixing the expansion card (7) on the front wall (18). The retaining device (10) comprises a strip (12), which is fastened to the expansion card (7), and a bolt (13), which is inserted in a hole (21) provided for the purpose in the front wall (18).
