Abstract (en)

[origin: WO2021198684A1] The invention relates to skin, and to novel compositions, therapies and methods for treating, preventing or ameliorating a variety of skin conditions, such as skin wrinkling, discolouration, and wound treatment. The invention also extends to cosmetics and pharmaceutical compositions, and methods of using them on skin to treat various conditions. For example, the compositions can be used to treat hair loss, baldness, and as a skin whitening agent.
