Abstract (en)
[origin: WO2021191364A1] The invention relates to the use of specific specific hydroxycinnamic acid salts for stabilising organic materials. The invention also relates to a corresponding organic material stabilised by incorporating a specific hydroxycinnamic acid salt, and to a method for stabilising organic materials. In addition, a specific aluminium salt of a hydroxycinnamic acid suitable as an organic stabiliser is described. The invention further relates to a stabilizer composition comprising a corresponding hydroxycinnamic acid salt.
