Abstract (en)

[origin: WO2021191548A1] The application relates to a solid composition for use in cosmetics, comprising at least one modified starch carrying at least one hydrophobic and/or amphiphilic functional group, at least one modified starch carrying at least one hydrophilic functional group, at least one gum of microbial or fungal origin, and at least two plant-based gums. Such a composition has emulsifying and texturing properties.
