Abstract (en)

[origin: WO2021224315A1] The invention relates to a packet for products in the cigarette industry, said packet comprising a casing (17) which surrounds, preferably on all sides, a group of products (11) in the cigarette industry as packet contents, wherein the casing (17) is formed from a blank (18) of a packaging material, and wherein folding tabs (26, 27) of the blank (18) are connected to one another by seams (19). The invention is characterized in that at least some seams (19) are at least partly and preferably covered in each case by a cover (30) formed by the blank (18) for the casing (17).
