Abstract (en)

[origin: WO2021224251A1] The aim of the invention is to provide a sanitary mask (100) which is easy to produce and handle and preferably has a good filtering effect and which comprises a main part (102) that at least partially covers a mouth region and a nose region of a wearer of the sanitary mask (100) when worn. For this purpose, the main part (102) comprises a knitted tube (104).
