Abstract (en)
A handheld pool game clock apparatus (1) suited for timekeeping pool/billiard games is presented. The handheld pool game clock apparatus (1) contains a clock body (11), at least one display (12), a processing unit (13), at least one switch (14), and a control panel (17). The at least one display (12) is distributed around the clock body (11). The processing unit (13) and the at least one switch (14) are connected within the clock body (11). The control panel (17) is connected adjacent to the clock body (11). The at least one display (12), the control panel (17) , and the at least one switch (14) are electronically connected to the processing unit (13).
