Abstract (en)  
[origin: WO2022015751A1] A weight plate carrier vest includes first and second panels. Each panel includes an interior layer having an inner layer, foam pad, a mesh spacer, and an outer layer. An exterior layer and the interior layer define a pocket therebetween. Shoulder straps extend between the first and second panels. A waist strap includes an elastic base strap having first and second ends and a central portion secured to the second panel. A first strap portion has a first end secured to the first end of the elastic base strap and a free second end. A second strap portion has a first end secured to the second end of the elastic base strap and a free second end. A first waist strap fastener is positioned proximate the second end of the first strap portion, and a second waist strap fastener is positioned proximate the second end of the second strap portion.
