Abstract (en)

[origin: WO2022058697A1] The present invention relates to a solid cosmetic composition for caring for and/or making up keratin materials, in particular the skin, in the form of a compact powder comprising, in a physiologically acceptable medium: a solid phase comprising at least fillers and pigments treated with an additive of formula (I) [Chem 1], it being possible to obtain said composition by means of a process comprising the following steps: (i) mixing a liquid phase comprising at least water and the solid phase in powder form, so as to form a paste; and (ii) shaping the paste by compacting and total or partial removal of the liquid phase so as to obtain the composition in the form of a compact powder.
