Abstract (en)

[origin: WO2022063570A1] The invention relates to a multilayer body (1) and to a method for producing a multilayer body (1). The multilayer body (1) comprises at least one support layer (10), at least one colour layer (12), at least one metal layer (13) and at least one magnetic paint layer (14), the support layer (10), in particular the multilayer body (1), comprising an upper face (31) and a lower face (32), and the layers of the multilayer body (1) being arranged in such a way, in particular in the following order, that: a) the at least one colour layer (12), the at least one metal layer (13) and the at least one magnetic paint layer (14) are applied to the lower face (32) of the support layer (10); or b) the at least one metal layer (13) and the at least one colour layer (12) are applied to the upper face (31) of the support layer (10) and the at least one magnetic paint layer (14) is applied to the lower face (32) of the support layer (10).
