Abstract (en)

[origin: WO2022067402A1] The present invention is directed to an aqueous gel cosmetic sunscreen composition comprising (a) a hydrophilic UV filter system; (b) a solubilizing agent; and (c) a polymer, selected from carbomer. The present invention is also related to a process for manufacturing the aqueous gel cosmetic sunscreen composition, and to the use of the aqueous gel cosmetic sunscreen composition for the manufacture of a product to be used as a sunscreen daily product.
