Abstract (en)

[origin: WO2022073764A1] 1. The invention relates to an adhesive fastener and to a nappy comprising an adhesive fastener of this kind. 2. An adhesive fastener, consisting of at least one plastics material with a plurality of hook means connected integrally to a substrate (10), in each case in the form of a stalk part (14) which is provided with a head part (12) and which protrudes above the substrate (10), is characterised in that at least some of the plastics material used is biodegradable and/or bio-based.
