Abstract (en)
The invention relates to a modular, high-strength transport module that saves space, especially during the transportation, storage and safekeeping of carboys in the packaged water sector, the transport module comprising: support feet (1) that support the entire structure and load; a foot assembly pipe (2) that provides the connection of the said support feet (1) with each other; a support module (3), which is connected to the support feet (1) and allows the carboy (6) to be positioned horizontally; a support assembly pipe (4) that provides the connection of support modules (3) with each other in the horizontal plane; a lock (5) that ensures that support modules (3) are fixed with each other in the vertical plane.
