Abstract (en)
A foldable vase (100) for postal delivery comprises a sheet (10) of waterproof paper provided with folds arranged to form the vase. The vase can be folded flat and delivered in a package together with cut flowers without occupying much of the package space, such that the combined package can be delivered through a domestic sized letter box. On arrival, the vase can be used directly without first requiring complex assembly. The vase may be manufactured of recycled flower pulp.
