Abstract (en)
[origin: WO2022184517A1] The invention relates to a line having a food processing apparatus (1) and a packaging machine (2), between which a placement and transport apparatus (10) is provided, which has a plurality of trays (5), on which food products are placed and with which the placed food products are transported toward the packaging machine, the trays moving in a contact-free manner along a closed transport surface (4).
