Abstract (en)

[origin: WO2022184795A1] The invention relates to a fastening element (20), in particular for solar panels (24), comprising a tubular pole (3), a load element (1) and a ground anchor sleeve (2). The invention further relates to a solar fence (22), comprising at least one solar panel (24) which is disposed between two fastening elements (20) according to one of claims 1 to 10 and fastened thereto.
