Abstract (en)
[origin: WO2023084281A1] The disclosure relates to a drilling rig system, particularly a land-based oil-well drilling system. The system comprises a rig module (1) which is adapted to perform drilling operations, and a setback module (2) which is adapted to hold stands (3) of drill pipe and/or drill collars to be used during the drilling operations. The disclosure further relates to a setback module (2) for use in connection with a rig module (1) in a drilling rig system, as well as a method for operating a drilling rig system.
