Abstract (en)

[origin: WO202219601A1] A swimming pool may include a rigid surrounding wall including a plurality of surrounding plates (1). Each surrounding plate may have two side portions arranged back to back. One side portion may be protruding with a lug (11). The other side portion may be formed with a setting area (12). The lug of one of two adjacent surrounding plates may be placed into the setting area of the other surrounding plate.
