Abstract (en)

[origin: WO2022247984A1] The invention relates to a contact insert (1) for an industrial plug connector. The contact insert (1) has a connection side (A) for connecting individual conductors of a multi-wire cable and a contact side (K) for electrically connecting to a mating plug connector or a socket, wherein n connection openings (2) for respective conductors of the multi-wire cable are provided on the connection side (A), m contact openings (4) for accessing a mating contact element of a mating plug connector or a socket are provided on the contact side (K), and n and m are natural numbers, m being greater than n.
