Abstract (en)  
[origin: WO2023275164A1] [0001] The present invention relates to the field of biological materials impregnated with exosomes and the uses thereof in therapeutic treatments. [0002] The invention also relates to a kit for impregnating biological material, the kit including a freeze-dried biological material and a solution comprising exosomes. [0003] Finally, the invention relates to a method for obtaining an impregnated biological material.
