Abstract (en)
[origin: WO2023275728A1] Multipurpose warhead A multipurpose warhead (10) having an outer casing housing explosive material and a detonation means (19). The casing having a forward section (11) having a first charge (13), and a rearward section (14) having a second charge (16). Wherein the forward section outer casing (12) is stronger than the rearward section outer casing (15). In use the warhead (10) provides multiple effects. This is particularly suited for use against different target types. Also relates to a weapons system.
