Abstract (en)  
[origin: WO2023000003A1] The invention relates to a drawer pull-out guide (4) for movably supporting a drawer (3) on a furniture body (2), comprising: - a body rail (9) to be secured to the furniture body (2), - at least one loading rail (10) which is to be connected to the drawer (3) and which is movably mounted relative to the body rail (9) in a longitudinal direction (L), and - optionally at least one central rail which is arranged between the body rail (9) and the at least one loading rail (10), wherein - the drawer pull-out guide (4) has a dead weight and a maximum load-bearing capacity, and the ratio of the dead weight of the drawer pull-out guide (4) to the maximum load-bearing capacity of the drawer pull-out guide (4) is less than 1 to 50, preferably less than 1 to 57, particularly preferably less than 1 to 65.
