Abstract (en)

[origin: WO2023001626A1] The invention relates to a pack for products in the cigarette industry, wherein the pack (10) has a box part (11) for accommodating pack contents (21), wherein a collar (13) is arranged in the box part (11) and serves to compensate for the at least one dimension, and wherein a wall (17) of the collar (13) has a plurality of portions (16, 19, 20) which are connected to one another by folding lines (22), and wherein one portion (16) butts at least to some extent against a side wall of the box part (11) and another portion (20) of the wall is arranged at a distance from the side wall of the box part (11) and supports the pack contents (21), wherein, according to the invention, at least one of the folding lines (22) is curved such that the abutting portion of the wall of the collar (13) is (slightly) curved in cross section.
