Abstract (en)

[origin: WO2023031272A1] The invention relates to a plastic film containing a layer containing an aliphatic copolyester and/or an aliphatic-aromatic copolyester and between 1 and 20% (by weight) of a polyadipate consisting of an adipic acid polyester and a diol or mixture of C3-C4 diols. The invention also relates to methods for producing same, and uses of same.
