Abstract (en)  
[origin: WO2023061662A1] The invention relates to a mobile drying unit (1) for drying biomass, more particularly for drying sewage sludge, comprising a drying chamber (2) for drying biomass, wherein the drying chamber (2) has a feed device (3) for biomass, and wherein the drying chamber (2) has a discharge device (4) for dried biomass, more particularly dry granules. The invention is characterized in that the drying chamber (2) is a truck body, which is or can be mounted on a truck chassis (5). The invention also relates to a drying system (15) for drying biomass, more particularly sewage sludge, comprising at least one such mobile drying unit (1).
