(54) **Sports shoe, particularly for performing stunts**

(57) A sports shoe which is particularly used in the practice of stunts such as the so-called "grinding". In the plantar arch region of the sole of the shoe a recess is provided which can be closed by means of a plate (6) having rounded sides (7) and at least one recess for roll-

ers (12) which are associated therewith so as to move freely and partially protrude from the plate. The shoe accordingly allows both to walk and to perform the practice of "grinding".
