(54) **Grating for overflow edge of swimming pools**

(57) A grating for straight or curved overflow edge of swimming pools composed of a series of elements (11) that tilt in relation to one another around a central point on a horizontal plane connected to one another, in which each element (11) comprises a base (10) with a plurality of slats (12) distanced (in 13), in which each

element (11) is connected to a successive element (11) with male and female connecting elements (14, 14'; 15, 15'). The slats (12) are parallel to an edge (20) of the swimming pool. The slats (12) are distanced with spaces between the slats (12) that do not exceed 8 mm even when the grating is curved either in concave or convex form.
