⑦④ Representative: **Hallam, Arnold Vincent et al, E.N. LEWIS & TAYLOR 144 New Walk, Leicester LE1 7JA (GB)**

## ⑤④ Carton closure interlock.

⑤⑦ This relates to a closure interlock between closure panels of a carton of the wrap around type. The closure interlock provides for a primary locking tab (22) on an outer one of the closure panels (14) and a secondary locking tab (27) on the inner one of the closure panels (16) whereby a primary lock and a secondary lock may be formed generally in alignment longitudinally of the closure interlock thus providing for a savings of carton forming stock corresponding to the normal spacing of the primary lock and the secondary lock transversely of the general line of the closure interlock. The secondary locking tab (27) passes through the outer closure panel (14) and returns generally into the opening from which it is formed.
