(54) **Method of constructing a housing structure.**

(57) A method of constructing a structure of reinforced concrete is disclosed. Two side wall units (1, 10, 11) are installed and beams (14) are bridged therebetween. On the beams (14), a plurality of prefabricated horizontal wall units (22) are placed. Thereafter, the horizontal wall units (22) are joined to each other, and at the same time joined to the beam, with the use of concrete.

CATEGORY OF CITED DOCUMENTS

X : particularly relevant if taken alone  
Y : particularly relevant if combined with another document of the same category  
A : technological background  
O : non-written disclosure  
P : intermediate document

T : theory or principle underlying the invention  
E : earlier patent document, but published on, or after the filing date  
D : document cited in the application  
L : document cited for other reasons  
& : member of the same patent family, corresponding document
