④ A manufactured product for flooring, made up of wood elements having fibre pattern orthogonal to the viewable face and assembled with a plywood support.

⑤ A manufactured product for wood floorings, comprising a noble layer (1), which forms the trampling viewable face and is made up of several wood parts (11) having fibre pattern orthogonal to the viewable face, glued to each other and to a support (3) predisposed for the installation; this support (3) is made of wood and particularly of plywood in three or more layers (31-35) of rotary-cut veneer, glued one to another so as to compensate for the respective stresses.
