(57) A silver halide color photographic material comprising a transparent support having thereon a blue-sensitive layer, a green-sensitive layer and a red-sensitive layer, wherein (1) the light-sensitive layer comprises at least one negative type silver halide emulsion layer containing a dye forming coupler, (2) an average silver iodide content of light-sensitive silver halide grains contained in at least one of the silver halide emulsion layers of the light-sensitive layer is not more than 2 mol%, and (3) a photographic sensitivity is from ISO 25 to ISO 6400; and a

method for processing the same.

## CLAIMS INCURRING FEES

The present European patent application comprised at the time of filing more than ten claims.

- ☐ All claims fees have been paid within the prescribed time limit. The present European search report has been drawn up for all claims.
- ☐ Only part of the claims fees have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims and for those claims for which claims fees have been paid.
- namely claims:
- ☐ No claims fees have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims.

## X LACK OF UNITY OF INVENTION

The Search Division considers that the present European patent application does not comply with the requirement of unity of invention and relates to several inventions or groups of inventions.

namely:

1. Claims 1-10,13,24,37,41
2. Claims 11,12,15,26,28,40
3. Claims 14,16-23,27,29-36,39
4. Claims 25,38

- ☒ All further search fees have been paid within the fixed time limit. The present European search report has been drawn up for all claims.
- ☐ Only part of the further search fees have been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the inventions in respect of which search fees have been paid.
- namely claims:
- ☐ None of the further search fees has been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the invention first mentioned in the claims.
- namely claims:
